

## Stakeholder's Manifestation of Interest

### Acknowledges

The SAFECULT project is a powerful initiative to build a **cross-border best practice network for the risk management of European written cultural heritage**, constructing a **skills framework for disaster risk management** and building the capacity to put in place preventive and reactive measures to mitigate risks and inherent impacts of natural hazards

### Expresses

Its willingness to participate in the project's initiatives and acts as an external supporter to the project throughout its lifecycle\*

### Agrees to

- Sustain the dissemination of the project's results, and public events through our social media and networks, in line and complying with the dissemination actions taken by the project consortium.
- Make available to the SAFECULT consortium the official logo to be used on the project website, and likewise embed the SAFECULT official Logo in its website (where possible).

## The SAFECULT Consortium

### Recognizes and accepts, as stakeholder's benefits, to

- Enjoy the priority participation in the SAFECULT free training courses (according to the standard selection criteria established by the project consortium for the assessment procedure).
- Receive the digital label of the **SAFECULT** European Network for the disaster risk management.
- Have the opportunity to be engaged in future national or European projects and networks.
